

urbanspec BIKE-S Bike Modules

BIKE-S is the secure, stylish, standalone bike storage unit with minimal visual impact on the street scene. Each low-profile module is fitted with integral wheel trays that incorporate security locking points and is customisable for finishes, graphics, door type and access control types.

Customisable for finishes, cycle parking format and access control, the clean design aesthetic of BIKE-S communicates intent with clear cycle parking graphics, and choice of colours from SSAB Greencoat steel range with its Bio-based Technology coating. The unique slot pattern vision panels ensure clear lines of sight are maintained through the store for personal security. Plain panels can be specified as a no cost option.

Engineered for security, the BIKE-S locker module achieves Sold Secure Bronze accreditation as standard (with the exception of mechanical keypad access control version). Shielded locks, reinforced hinges and steel external panels with an innovative interlocking design that avoid the need for external fixings. All bolted internal frame and ground fixings are fitted with security fixings and welded security locking points at the front of the store makes loading and securing bikes easy. The all-steel build of the BIKE-S locker module framework has a hot dip galvanised coating as standard with colour powder coated options.

Manufactured for efficient delivery and installation with site adjustable base plates enabling the unit to accommodate uneven surfaces.

Varying Storage Capacity

BIKE-S modules are available to store between 1 and 18 cycles

Green Roof

This option not only adds visual appeal but also benefits the environment by supporting biodiversity and promoting natural habitats for birds and insects.

Customise

A wide range of cladding options are available to select according to site use, architectural style and surrounding environment

Space Efficiency

Designed to fit a single unit within a car parking space, each separate module can also be connected in series to form a larger module

Vision Panels

Unique slot pattern vision panels ensure clear lines of sight, aiding personal security measures in tough urban environments

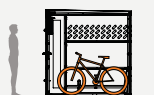

Product Capacity & Dimensions

BIKE-S

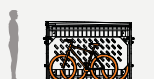

Model	Storage	Depth (mm)	Width (mm)	Height (mm)
Bike-S 1	1x Cycles	2110	1060	1490
Bike-S 6	6x Cycles	2200	2200	1490
Bike-S 12	12x Cycles	2200	4220	1490
Bike-S 18	18x Cycles	2200	6330	1490

BIKE-S Walk-In

Model	Storage	Depth (mm)	Width (mm)	Height (mm)
Bike-SF 6	6x Cycles	2200	2510	2150
