

urbanspec M-Series Bike Stores

urbanspec M-Series Bike Stores are the versatile, in-line cycle storage system with efficient footprint utilisation and door access to the front of each store. There are three model depths and two model widths with extensive configurations available for frame colour, panel type, access control and integral green roof options.

At 1200mm depth, urbanspec M12 is fitted with vertical cycle racks, urbanspec M15 has a 1500mm depth and stores cycles on semi-vertical racks, while the 1800mm depth model, the urbanspec M18, is fitted with Sheffield type cycle stands. urbanspec MT is designed to accommodate the two-tier rack system. All variants can be specified with up to six connected modules, each with its own access door. This design reduces the required footprint by enclosing only the cycle rack space.

urbanspec M-Series Bike Stores are manufactured in the UK with an all-steel modular frame designed to accommodate cladding panel types in colour coated steel and timber. Frame components are finished in hot dip galvanised with colour powder coated options available. Height adjustable base plates enable effective ground fixing.

Access control options are specified from the modular lock design enabling key operated, mechanical keypad, electronic fob and smartphone activated systems to be selected. For high-security applications, urbanspec M-Series Bike Stores with Secured by Design specifications achieve Sold Secure SS104 – Gold Specification for Mechanical Security Systems for Pedal Cycles.

urbanspec M-Series Bike Store variations are available for download below as CAD blocks and BIM models with NBS specifications.

Varying Storage Capacity

Available to store between 2 and 48 cycles with four different cycle rack options

Customise

A wide range of cladding options are available to select according to site use, architectural style and surrounding environment

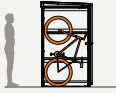

Green Roof

This option not only adds visual appeal but also benefits the environment by supporting biodiversity and promoting natural habitats for birds and insects.

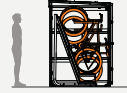

Product Capacity & Dimensions

M12

Model	Vertical Storage	Depth (mm)	Width (mm)	Height (mm)
M 12.12	2x Cycles	1280	1290	2060
M 12.24	5x Cycles	1280	2490	2060
M 12.36	8x Cycles	1280	3690	2060
M 12.48	11x Cycles	1280	4890	2060
M 12.60	15x Cycles	1280	6090	2060
M 12.72	18x Cycles	1280	7290	2060

M15

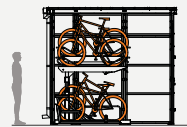

Model	Semi-Vertical Storage	Depth (mm)	Width (mm)	Height (mm)
M 15.12	2x Cycles	1580	1290	2060
M 15.24	6x Cycles	1580	2490	2060
M 15.36	9x Cycles	1580	3690	2060
M 15.48	13x Cycles	1580	4890	2060
M 15.60	16x Cycles	1580	6090	2060
M 15.72	20x Cycles	1580	7280	2060

M18

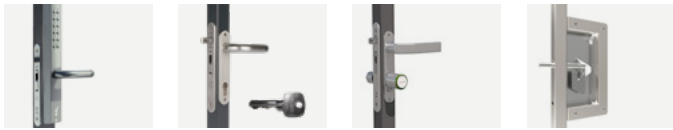

Model	Hoop Storage	Depth (mm)	Width (mm)	Height (mm)
M 18.12	2x Cycles	1880	1280	2060
M 18.24	6x Cycles	1880	2490	2060
M 18.36	8x Cycles	1880	3690	2060
M 18.48	12x Cycles	1880	4890	2060
M 18.60	14x Cycles	1880	6090	2060
M 18.72	18x Cycles	1880	7290	2060

MT

Model	Two-Tier Storage	Depth (mm)	Width (mm)	Height (mm)
MT 12	12x Cycles	3330	2710	2890
MT 24	24x Cycles	3330	5110	2890
MT 36	36x Cycles	3330	7510	2890
MT 48	48x Cycles	3330	9910	2890

Locking Systems

Latch + Battery Code Lock

Latch + Eurocylinder Lock

Latch + RFID Lock

Slide Bolt + Padlock
